The National Association of Equine Affiliated Academics (NAEAA) is pleased to announce the creation of Reciprocal Organization Membership. The mission of the National Association of Equine Affiliated Academics is to strengthen post-secondary equine academic programs, provide networking opportunities, and facilitate increased cooperation and information sharing among our members. Towards this mission, NAEAA invites collaboration with other non-profit equine organizations where their primary mission is post-secondary education oriented through a reciprocal organization membership. The goal of the reciprocal organization membership program is to facilitate greater reach and membership growth for both NAEAA and the reciprocal organization.

For more information and to apply, please visit our website: <https://www.naeaa.com/membership>

Founded in 2007, NAEAA is a non-profit professional organization representing individuals from public and private institutions and the equine industry that strive to educate undergraduates within an equine academic program. The core belief of the organization is that there is educational and societal value in the equine disciplines of study.
